## S1NGLE

In the third season of "S1NGLE", the three friends Stella, Fatima and Nienke cheerfully continue their quest for love and happiness.

Having lived together with Jeroen for quite some time, Fatima is finding herself increasingly drawn to the idea of becoming more independent. Giving in to the impulse, she decides to move out so she can finally figure out what she really wants from life - but how will the change affect their relationship?

Stella is wistfully realizing that the hot and heavy affairs she constantly plunges into have been steadily losing their fascination. If only she could handle being alone! Fortunately, she can always count on her friends and on her family as well.

Nienke is endlessly willing to offer her support to others, although that kindness often comes at the expense of her happiness. But those days are over - it is time for a change! Even if her Mr. Right remains elusive, Mr. Right Now will do just fine! But despite her eager bouncing from one fling to the other, she always has one eye peeled for that knight in shining armor that must sooner or later appear on the horizon...
